GENERAL INFORMATION

TERMS: Our terms are 30 days net, with 2% discount for payment in 10 days from date of invoice to those who have established credit with us. Cash in advance or satisfactory references with time for investigation are required of those whose credit is not already established. Where cash accompanies order we will pack free, except in the case of B&B plants. Applicable to these would be 3% cash discount, packing to be charged for additional at cost.

NON-WARRANTY: Fraser Nurseries, Inc., warrants to the extent of the purchase price that nursery stock sold by it is true to name and as described within recognized tolerances. Seller gives no other or further warranty, express or implied, and will under no circumstances be liable for more than the invoice value at the time of purchase.

CLAIMS: Claims made immediately upon receipt of plants will be carefully considered with a view of proper action. Any claim made 15 days or more after receipt of stock will not be considered. Wire, phone or Air Mail communication registering claim should such be necessary immediately upon receipt of shipment will be appreciated.

TRUCK DELIVERY: We are in position to offer truck delivery of orders for points within a 500 mile radius of Birmingham using our own vehicles. Greater distance and full truck loads can usually be handled on a contractual basis with some of the large trucking companies operating out of this city. Birmingham, of course, is served by a number of trunk line railroads; by many large trucking organizations; by Railway Express and Postoffice package service as well as several Air Lines. We would be glad to go into the matter of delivery in detail through correspondence if we can be helpful in this connection.

OUR LOCATION: Our plant is located just South of the western end of Sixth Avenue South (Ave. F) at its intersection with Montevallo Road S. W. This is the main artery carrying traffic between the southside residential district and the western industrial area. Our establishment adjoins Elmwood Cemetery to which any resident can direct you if not to our place. We would welcome your visit to our nursery. And would be glad to help in any way possible in arranging accommodations, meeting visitors at passenger terminal, etc. We are only about six minutes from down-town-Birmingham.

NOTE: We have this year a larger and finer assortment of nursery stock to offer the trade than we have had in many years. We especially call your attention to the fact that, as we ourselves undertake landscaping, we grow and handle many desirable landscape items not generally available. We also have specimen sizes and rare varieties not listed herein, and invite your inquiries as to any such items you may desire.
